Tennessee – Workers' Compensation

Texas – Workers' Compensation Employer Notification – Ombudsman Program (English and Spanish)

How do you know your posters are up to date?

GovDocs offers two options to verifying whether you have the latest GovDocs poster:

1. Compliance Check: using a mobile device, scan the poster's QR code (located at the bottom of the poster) for quick compliance audits.
2. Poster Revision Date: The poster revision date indicates the last time a posting was updated or the poster was reprinted for inventory

To be compliant, your poster's revision date—located in the bottom-right corner—should be on or after the date listed.
